**Site Contact(s):** Dyan Foss  
**Phone:** 303-966-7577

**Regulatory Contact:** David Kruchek  
**Phone:** 303-692-3328

**Agency:** CDPHE

**Purpose of Contact:** Removal of Appurtenances

## Discussion

The removal of several areas on the exterior (south edge and top) of Building 881 will allow improved access for the removal of waste containers and equipment and preparation for demolition. These areas include the South dock and landing (100, 100B, and 200), L-south (301, 302, 302A, 303, 305, 306, 307, and 308), and L-North (311, 311A, and 311B).

At the 881 status meeting, these areas were discussed with Mr. Kruchek, and he agreed that once he has reviewed and approved (via e-mail) the pre-demolition survey data, the areas can be demolished. All areas to be demolished will meet the unrestricted release criteria and openings to the building will be covered after removal. Demolition will be conducted with heavy equipment, primarily an excavator with attachments, and water will be used for dust control. The survey data for these areas will be included in the B881 PDSR for formal approval by CDPHE.
